

**RESOLUTION DIRECTING WORK TO MOTT MACDONALD
FOR ENGINEERING SERVICES DURING CONSTRUCTION FOR THE
COMBINED SEWER REPAIRS 35TH & 27TH STREET UNION CITY PROJECT**

MOTIONED BY:
SECONDED BY:

WHEREAS, the North Hudson Sewerage Authority (hereinafter "Authority") is a public body, duly formed under the Sewerage Authorities law, constituting Chapter 138 of the Laws of New Jersey of 1946, as amended (Chapter 14A of Title 40 of the New Jersey Statutes Annotated) and possesses the powers set forth therein; and

WHEREAS, Mott MacDonald has been selected under resolution 22-113 to provide engineering services for various capital projects required throughout its service area that must be performed in order to maximize the performance of its waste water treatment facility, the capacity of its combined sewer system and/or to comply with its New Jersey Pollution Discharge Elimination System (NJPDES) permit; and

WHEREAS, Hatch Mott MacDonald has submitted a proposal (Exhibit "A") to provide Engineering Services during construction for the Combined Sewer Repairs 35th & 27th Street Union City Project; and

WHEREAS, the Facilities Review Board has considered this request and recommends the approval of the full Board.

NOW THEREFORE, BE IT RESOLVED that the Authority, as recommended by the Facilities Review Board, directs Mott MacDonald to provide Engineering Services during construction for the Combined Sewer Repairs 35th & 27th Street Union City Project as outlined in Exhibit "A" and shall be compensated in an amount not to exceed \$4000.00.

**Re: North Hudson Sewerage Authority
Proposal for Services During Construction
Combined Sewer Repairs 35th Street and 27th Street Union City**

Our Project No. 507101715

March 3, 2023

Dear Mr. Pocci

Mott MacDonald is pleased to have been afforded this opportunity to provide the North Hudson Sewerage Authority (NHSA) with our proposal for Services During Construction for the Adams Street Wastewater Treatment Plant Force Main Repairs.

The project consists of the cured-in-place lining and an open cut repair of combined sewer at two locations 35th Street and 27th Street in Union City.

Mott MacDonald will provide the following services as outlined below.

SCOPE OF SERVICES

Mott MacDonald proposes the following scope of services under this proposal:

Task 1: Bid Phase Services

It is our understanding that this work will be below the bid threshold. Therefore, we assist the Authority with obtaining three proposals from Contractors from each location.

Task 2: Construction Phase Services

Mott MacDonald will perform services during construction as described below.

- Prepare and distribute all necessary paperwork required for execution of the Contract between the Contractor and the Authority.
- Prepare minutes of the pre-construction conference and distribute same.
- Prepare and issue a Notice to Proceed to the Contractor.

Task 2.1: Inspection

Mott MacDonald will provide a Full Time Inspector to perform the services described below:

- Observe the on-site construction work when the Contractor's field activities are in progress to ensure that the work is being completed in accordance with the Contract Documents. This includes, but is not limited to, excavation the disposal of excavated materials, installation of support of excavation systems, construction dewatering, installation of structures, pile installation and CCTV inspection.
- Maintain project records, diaries, daily inspection reports/pictures and documents.
- Conduct inspections and develop punch lists.
- Respond to public complaints, including contacting complainants, determining solutions; prepare letters, etc. in accordance with the Authority's policies, which requires timely action by the Engineer.

Task 3 - Construction Administration

Mott MacDonald will provide administration of the Contract and represent the Authority in observing the Contractor's compliance with the Contract Documents. The Engineer will perform the following:

- Coordinate with the various utility companies.
- Meet with the Contractor's representatives and the Authority to assist in implementing the construction progress. Engineer will act as initial interpreter of the requirements of the Contract Documents and judge the acceptability of the work and make decisions on all claims of the Authority and Contractor relating to the acceptability of the work or the interpretation of the requirements of the Contract Documents pertaining to the execution and progress of the work.
- Provide construction specialists to observe the on-site construction work as necessary for specialized work.
- Provide Construction Management supervision and control of the resident inspection team to ensure quality control and assist with all problems.
- Maintain project records, diaries and documents.
- Respond to all Contractor Requests for Information (RFI's) and provide written responses to the Contractor.
- Provide technical review of shop drawings, diagrams, illustrations, catalog data, schedules and samples, the results of tests and inspections, and other data which the Contractor is required to submit. Submitted material will be reviewed for general conformance with the design concept of the project and general compliance with the information given in the Contract Documents. Such review is not intended as an approval of the submittals if they deviate from the Contract Documents or contain errors, omissions, and inconsistencies, nor is it intended to relieve the Contractor of his full responsibility for Contract performance, nor is the review intended to ensure or guarantee lack of inconsistencies, errors, and/or omissions between the submittals and the Contract requirements.
- Recommend the acceptability of the work and issue a Certificate of Substantial Completion along with a punch-list upon the Contractor achieving the project milestones.
- Prepare routine letters, memorandum, reports, change orders and miscellaneous paperwork as directed by the Authority for signature by the Authority.
- Respond to public complaints, including contacting complainants, determining solutions, prepare letters, etc. in accordance with the Authority's policies and procedures, which requires timely action by the Engineer.

- Make a final review of the construction to determine if the Work has been completed in conformance with the intent of the Contract Documents. Facilitate a final inspection of the Work by the Contractor, Authority and other appropriate regulatory agencies so they may make the final observation of the construction.
- Prepare a final set of record drawings in electronic format.
- Engineer will provide the Authority with a complete electronic file in PDF format of all documents that they prepared on behalf of the Authority that is included in this RFP.

Fee Proposal

As requested by the NHSA, Mott MacDonald proposes to undertake the above scope of work on a time and material basis for actual time and expenses applied to the project as outlined above and in accordance with our prevailing fee schedule. A copy of our 2023 rate schedule. Services will be invoiced monthly, with payments due in 30 days. We request an engineering budget of not to exceed \$34,500.00 to perform the above listed scope of work billed on a time and material basis as listed below:

Task	Description	Cost
1	Bid Phase Services	\$ 750.00
2	Inspection	\$2,500.00
3	Construction Administration	\$ 750.00
	Total	\$4,000.00

The above listed budget fee does not include permit fees.

This proposal does not include any additional engineering services beyond those specified. Additional services beyond those specified will not be conducted unless requested and authorized by the Authority.

Mr. Kevin P. Wynn, PE will serve as the Project Managers for this project.

We trust that this proposal fulfills the Authority's requirements and appreciate this opportunity to be of continued service to the Authority. Should you wish to discuss details of this proposal, do not hesitate to contact us.

Very Truly Yours,
Mott MacDonald
