The Honorable Chairman and Commissioners
of The North Hudson Sewerage Authority
Hoboken, New Jersey

State law requires that all local authorities publish a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with auditing standards generally accepted in the United States of America by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue annual comprehensive financial report (ACFR) of The North Hudson Sewerage Authority (the "Authority") for the fiscal year ended January 31, 2022.

This report consists of management's representations concerning the finances of the Authority. We believe it is accurate in all material respects, that it is presented in a manner designed to set forth fairly the financial position and results of operations of the Authority as measured by the financial activity of its various funds, and that all disclosures necessary to enable the reader to gain maximum understanding of the Authority's financial affairs have been included. Responsibility for completeness and clarity of the report, including disclosures, rests with the management of the Authority and ultimately with the Board of Commissioners. By utilizing the ACFR format, it is the Authority's intent to facilitate an understanding by the non-financial readers of this report as well as provide all necessary information for the most sophisticated financial observer.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The Authority's MD&A can be found immediately following the report of the independent auditors.

Organization of Report

The ACFR is presented in several sections: Introductory, Financial, Single Audit, Supplementary and Statistical. The Introductory Section includes this transmittal letter and a list of principal officials. The Financial Section includes the independent auditor's report, MD&A, the financial statements, and the notes to the financial statements. The Single Audit Section includes the independent auditor's reports covering compliance and internal control over compliance and financial reporting, schedules of federal and state financial assistance, and schedule of related findings. The Supplementary Section includes supplementary schedules and information required by the Division of Local Government Services. The Statistical Section includes selected financial, economic and demographic information, generally presented on a multi-year basis.

Government Structure and Services

The Authority is governed by a nine-member board, three of whom are appointed by resolution of the City Council of the City of Hoboken, two by resolution of the Board of Commissioners of the City of Union City, two by resolution of the Township Council of the Township of Weehawken and two by resolution of the Board of Commissioners of the Town of West New York. Members are appointed for terms of five years.

The Authority was created for the purpose of acquiring, constructing, maintaining, and operating facilities for the treatment, purification and disposal of sewage and other wastes. The Authority's overriding mission is to safeguard the local waterways while operating a cost-efficient, streamlined regional wastewater treatment plant system. The Authority services the City of Hoboken, the City of Union City, the Township of Weehawken and the Town of West New York.

Internal Accounting Controls

Management of the Authority is responsible for establishing and maintaining an adequate internal control structure. In developing and evaluating the Authority's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding (1) the safeguarding of assets against loss from unauthorized use or disposition, and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of controls should not exceed the benefits expected to be derived. All internal control evaluations occur within the above framework. We believe the Authority's internal accounting controls adequately safeguard assets and provide reasonable assurance for the proper recording of financial transactions.

Basis of Accounting

The Authority's accounting records are maintained on an accrual basis and in accordance with GAAP, as promulgated by the Governmental Accounting Standards Board (GASB). The Authority is a self-supporting entity and follows enterprise fund reporting; accordingly, the financial statements are presented using the economic resources measurement focus and the accrual basis of accounting.

Annual Budget

The annual budget serves as the foundation for the Authority's financial planning and control. Management prepares a proposed budget, which is presented to the Authority's Finance Committee for review and approval. Prior to adoption by the Authority's Board of Commissioners, these budgets are reviewed and approved by the State of New Jersey Division of Local Government Services.

Debt Administration

At January 31, 2022, the Authority's outstanding debt includes \$295,745,000. in Senior Lien Lease Certificates, loans from the State of New Jersey Environmental Infrastructure Trust of \$ 42,409,053.21 and short-term non- permanent construction loans of \$47,044,183 from New Jersey Infrastructure Bank, not including unamortized premium and deferred bond defeasance costs.

Economic Condition and Outlook

The Authority services the Cities of Hoboken and Union City, the Township of Weehawken and the Town of West New York, all of which are located in Northern Hudson County. This area is experiencing a period of economic stability. Its proximity to employment centers in New York City and northern New Jersey contribute towards maintaining a stable outlook.

Cash Management

The Authority strives to keep abreast of current developments and procedures in cash management to insure efficient and profitable use of available cash resources. The investment policy of the Authority is guided in large part by New Jersey Statutes. Cash is deposited in institutions located in New Jersey, which are protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. Funds not needed immediately are invested as certificates of deposit.

Risk Management

The Authority carries various forms of insurance, including, but not limited to, general liability, automotive, hazard and theft.

Pension Benefits

All Authority employees participate in the New Jersey Public Employees Retirement System (PERS) or the Defined Contribution Retirement Program (DCRP). The PERS is a defined benefit pension plan and is administered by the State of New Jersey Division of Pensions. The DCRP provides members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Participants are required to contribute a statutory amount to the PERS and DCRP.

Annual Independent Audit

The Authority's financial statements have been audited by the independent accounting firm of Garbarini & Co., P.C., Certified Public Accountants, Registered Municipal Accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Authority for the fiscal years ended January 31, 2022 and 2021 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the Authority's financial statements for the fiscal years ended January 31, 2022 and 2021, are fairly presented in conformity with GAAP. The independent auditor's report is included in the financial section of this report.

Acknowledgments

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the Authority, as well as its contracted professionals. We would like to express our appreciation to all those who assisted and contributed to the preparation of this report. Credit must also be given to the Chairman and Commissioners of the Authority for their unfailing support for maintaining the highest standards of professionalism in the management of the Authority's finances.

Respectfully submitted,

Richard J. Wolff

INDEPENDENT AUDITOR'S REPORT

The Honorable Chairman and Commissioners
The North Hudson Sewerage Authority
County of Hudson
Hoboken, New Jersey 07030

Opinions

We have audited the accompanying comparative statement of net position of The North Hudson Sewerage Authority, County of Hudson, State of New Jersey (the "Authority"), and the related comparative statements of revenues, expenses and changes in net position and comparative cash flows as of and for the years ended January 31, 2022 and 2021, and the related notes to the financial statements, which collectively comprise the Authority's, basic financial statements as listed in the table of contents.

In our opinion, the comparative financial statements referred to above present fairly, in all material respects, the respective financial position of the Authority as of January 31, 2022 and 2021 and the respective statements of revenues, expenses and changes in net position and cash flows thereof for the years then ended in accordance with the accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the supplementary information, such as the management's discussion and analysis and budgetary comparison information on pages 9 through 13 and 63 through 69 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information in accordance with auditing standards generally accepted in the United States of America, and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements as a whole. The introductory section, supplementary schedules 1 through 13 and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary schedules 1 through 13 are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The accompanying schedules of expenditures of federal awards and state financial awards are presented for purposes of additional analysis as required by the Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards*, and N.J. OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid* respectively, and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

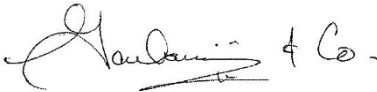

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 7, 2023, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

THE NORTH HUDSON SEWERAGE AUTHORITY
COUNTY OF HUDSON, STATE OF NEW JERSEY
MANAGEMENT’S DISCUSSION AND ANALYSIS
FISCAL YEARS ENDED JANUARY 31, 2022 AND 2021
(Unaudited)

This section of The North Hudson Sewerage Authority’s (the “Authority”) annual financial report presents our discussion and analysis of the Authority’s financial performance during the fiscal year ended January 31, 2022. It is to be read in conjunction with the Authority’s financial statements and accompanying notes.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Authority is a self-supporting entity and follows enterprise fund reporting; accordingly, the financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Enterprise fund statements offer short and long-term financial information about the activities and operations of the Authority. These statements are presented in a manner similar to a private business, and in the manner prescribed by the Governmental Accounting Standards Board.

This annual financial report consists of two parts: Management’s Discussion and Analysis (this section) and the basic financial statements. The basic financial statements include the Statement of Net Position, Statement of Revenue, Expenses and Changes in Net Position, Statement of Cash Flows, and the Notes to the Financial Statements.

The Statement of Net Position provides information about the nature and amount of investments in resources (assets) and the obligations to Authority creditors (liabilities).

The Statement of Revenues, Expenses and Changes in Net Position, which accounts for all of the current year’s revenues and expenses, measures the success of the Authority’s operations over the past year and can be used to determine how the Authority has funded its costs.

The Statement of Cash Flows provides information about the Authority’s cash receipts, cash payments, and net changes in cash resulting from operating, investing and financing activities.

The Notes to the Financial Statements provide information that is essential to understanding the basic financial statements, such as the Authority’s accounting methods and policies. The Notes to the Financial Statements also provide information on contractual obligations, future commitments, contingencies, and other events that could materially affect the Authority’s financial position.

FINANCIAL HIGHLIGHTS

The following data highlights the Authority’s finances for the year ended January 31, 2022:

Total Net Position increased:	\$	6,936,978.46	or	4.97%
Cash and Investments increased:	\$	2,430,614.68	or	2.4%
Net Property, Plant & Equipment increased:	\$	15,768,858.91	or	4.15%
Operating Revenues decreased:	\$	(1,159,674.67)	or	-2.00%
Operating Expenses decreased:	\$	(152,741.43)	or	-0.50%
Operating Income decreased:	\$	(1,006,933.24)	or	-3.50%
Non-Operating Revenue decreased:	\$	(5,010,679.24)	or	-187.10%
Non-Operating Expense decreased:	\$	(914,457.77)	or	-4.26%

THE NORTH HUDSON SEWERAGE AUTHORITY
COUNTY OF HUDSON, STATE OF NEW JERSEY
MANAGEMENT'S DISCUSSION AND ANALYSIS
FISCAL YEARS ENDED JANUARY 31, 2022 AND 2021
(Unaudited)

FINANCIAL ANALYSIS OF THE AUTHORITY

The following table summarizes the changes in assets, liabilities and net position for the fiscal years ended January 31, 2022, 2021, and 2020.

	2022	2021	2020
Unrestricted Assets	\$ 55,446,651.05	\$ 52,089,105.24	\$ 40,554,840.47
Restricted Assets	82,643,580.31	94,802,288.12	81,413,363.92
Net Property, Plant & Equipment	395,416,368.33	379,647,509.42	377,092,139.92
Total Assets	\$ 533,506,599.69	\$ 526,538,902.78	\$ 499,060,344.31
Deferred Outflows of Resources:			
Pension / OPEB Deferred Outflows	1,323,445.00	1,215,529.00	623,779.00
Current Liabilities	\$ 71,082,858.64	\$ 66,035,199.86	\$ 58,009,279.79
Long-Term Liabilities	315,583,238.58	320,652,289.91	312,669,615.68
Total Liabilities	\$ 386,666,097.22	\$ 386,687,489.77	\$ 370,678,895.47
Deferred Inflow of Resources:			
Pension / OPEB Deferred Inflows	1,711,874.00	1,551,847.00	1,530,266.00
Net Position:			
Invested in Capital Assets	\$ 66,318,934.00	\$ 68,413,814.30	\$ 57,178,904.02
Restricted	35,032,141.80	35,032,141.80	35,032,141.80
Unrestricted	45,100,997.67	36,069,138.91	35,263,916.02
Total Net Position	\$ 146,452,073.47	\$ 139,515,095.01	\$ 127,474,961.84

At January 31, 2022 the Authority continues to report a strong financial position, with increases in both total assets and unrestricted net position. The Authority has maintained its commitment to maintain and improve its wastewater treatment facilities and sewer collection system, including the development of its long-term control plan to reduce the number of combined sewer overflows. Major capital improvements were financed with low interest rate loans from the New Jersey Infrastructure Bank, grants, and cash on hand. The Authority continues to be rated A and A+ by Fitch and Standard & Poor's. In the past year the Authority refunded a portion of its 2012 taxable bonds on a tax-exempt basis, providing significant savings which will be used to help stabilize the sewer rate.

THE NORTH HUDSON SEWERAGE AUTHORITY
COUNTY OF HUDSON, STATE OF NEW JERSEY
MANAGEMENT'S DISCUSSION AND ANALYSIS
FISCAL YEARS ENDED JANUARY 31, 2022 AND 2021
(Unaudited)

FINANCIAL ANALYSIS OF THE AUTHORITY (Continued)

Operating Activities - The Authority charges a user fee for sewerage treatment and disposal, and a connection fee for connection to its sewer system. User rates per 1,000 gallons for the year ended January 31, 2022, 2021 and 2020 were 9.95, 9.75, and 9.65, respectively. On February 1, 2022, the rate was increased to \$10.35. The fee for connection to the Authority's sewer system is a statutory calculation.

The following table summarizes the changes in revenues, expenses and net assets for the fiscal years ended January 31, 2022, 2021, and 2020:

	2022	2021	2020
Operating Revenue			
User Charges	\$ 54,150,435.95	\$ 54,167,285.43	\$ 54,782,633.38
Connection Fees	2,189,490.60	3,289,359.05	5,491,366.85
Other Income	39,664.75	82,621.49	776,948.32
Total Operating Revenue	56,379,591.30	57,539,265.97	61,050,948.55
Operating Expenses			
Cost of Providing Services	18,152,361.73	18,078,524.17	18,754,150.36
General and Administrative	3,068,326.52	3,712,474.36	3,227,423.38
Depreciation Expense	7,733,284.51	7,315,715.66	6,917,963.19
Total Operating Expenses	28,953,972.76	29,106,714.19	28,899,536.93

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets - The Authority, in fulfilling its mission to provide facilities for the treatment, purification and disposal of sewage and other wastes within the municipalities of Hoboken, Union City, Weehawken and West New York, has invested its resources in sewerage treatment plants, infrastructure and other necessary equipment.

The following table summarizes the changes in capital assets at January 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>	<u>Increase/ (Decrease)</u>
Easement	\$ 950,000.00	\$ 950,000.00	\$ -
Plants	234,398,501.36	228,404,777.58	5,993,723.78
Mains and Lines	152,229,360.72	148,599,037.67	3,630,323.05
Pump Stations	39,816,135.71	39,816,135.71	0.00
Office Equipment	207,161.89	207,161.89	0.00
Trucks and Vehicles	<u>1,971,582.39</u>	<u>1,802,375.14</u>	<u>169,207.25</u>
	429,572,742.07	419,779,487.99	9,793,254.08
Less:			
Accumulated Depreciation and Amortization	<u>(115,789,880.17)</u>	<u>(108,291,052.99)</u>	<u>(7,498,827.18)</u>
Net Plant & Equipment	313,782,861.90	311,488,435.00	2,294,426.90
Land	58,534,862.59	58,534,862.59	-
Work in Progress	<u>23,098,643.84</u>	<u>9,624,211.83</u>	<u>13,474,432.01</u>
Property, Plant and Equipment, net of depreciation and amortization	<u>\$ 395,416,368.33</u>	<u>\$ 379,647,509.42</u>	<u>\$ 15,768,858.91</u>

Additions to net assets during the fiscal year ended January 31, 2022 consisted of improvements to the Authority's treatment plants, main lines, pumping stations, outfalls and administration building.

THE NORTH HUDSON SEWERAGE AUTHORITY
COUNTY OF HUDSON, STATE OF NEW JERSEY
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JANUARY 31, 2022 AND 2021

1. Authorizing Legislation and Bond Resolution

The North Hudson Sewerage Authority, County of Hudson, State of New Jersey (the “Authority”), is a political subdivision and public body corporate and politic of the State of New Jersey. It was established pursuant to the Sewerage Authorities Law of New Jersey, constituting Chapter 138 of the Pamphlet Laws of 1946 of the State of New Jersey as amended and supplemented (the “Act”). The Local Finance Board approved the creation of the Authority in November 1987. The Authority was created pursuant to the Act as the Hoboken, Union City, and Weehawken Sewerage Authority by parallel ordinances of the City of Hoboken, the City of Union City, and the Township of Weehawken dated January 6, 1988; February 16, 1988; and December 15, 1988. Upon issuance of the Series 1996 Bonds and the acquisition of the West New York System, the Authority was renamed “The North Hudson Sewerage Authority”. The Authority has the right, power and authority to acquire, use and hold all real and personal property, and make and perform all contracts, and take proper or necessary action to design, finance, construct, acquire and operate its system of sewers, treatment plants and other plants and structures.

On May 24, 2012, the Authority issued Gross Revenue Senior Lien Lease Certificates (Series 2012 A and B) in the aggregate principal amount of \$313,965,000. The purpose of the Lease Certificates was to provide the necessary funding in connection with the Certificates of Participation dated May 24, 2012. The proceeds of the Certificates were used to defease and redeem all of its then outstanding senior lien debt (Bonds) in the amount of \$205,826,733.20; and to refund its then outstanding notes in the amount of \$37,750,000; and settle all claims arising from the Structured Financing Transaction in an estimated amount of \$12,000,000. The Lease Certificates were issued pursuant to an Agent Agreement, by and among The Bank of New York Mellon, as Agent, Municipal Infrastructure Leasing 1, LLC (the “Lessor”) and the Authority, and sold to Morgan Stanley & Co. LLC (the “Underwriter”) in accordance with a Purchase Contract submitted by the Underwriter. The Gross Revenue Senior Lien Lease Certificates Series A and B closed on May 24, 2012 in the amount of \$313,965,000. The Lease Certificates (Series 2012 A and B) were issued in connection with the Authority’s restructuring of its outstanding debt (the “Restructuring Plan”). During fiscal year 2017 \$22,790,000 of the Authority’s Gross Revenue Senior Lease Certificates (Series 2012 A and B) were defeased with funds from the Authority’s General Fund. Funds totaling \$25,979,936.05 were deposited into an Escrow Account to defease the Lease Certificates. During Fiscal Year 2019, \$18,825,000 of the Authority’s Gross Revenue Senior Lease Certificates (Series 2012 A and B) were defeased with funds from the Authority’s General Fund. Funds totaling \$20,424,911.34 were deposited into an Escrow Account to defease the Lease Certificates. During Fiscal Year 2020, \$117,285,000 of the Authority’s Gross Revenue Senior Lease Certificates (Series 2012 A) were defeased with funds from the issuance of 2020 \$160,625,000 Gross Revenue Senior Lien Lease Certificates, Series 2019 (Federally Taxable). During Fiscal Year 2022, \$54,170,000 of the Authority’s Gross Revenue Senior Lease Certificates (Series 2012 B) were refunded with funds from the issuance of 2021 \$54,200,000 Gross Revenue Senior Lien Lease Certificates (Series 2021) and funds on deposit in the Debt Service Fund in the amount of \$964,355.23.

In order to effectuate the Restructuring Plan, concurrently with the issuance of the Lease Certificates (Series A and B), the Authority issued Gross Revenue Senior Lien Lease Certificates, Series 2012 C (Federally Taxable) in the aggregate principal amount of \$40,000,000. The Authority has determined to lease its system to the Lessor pursuant to a Head Lease Agreement by and between the Lessor and the Authority and to lease back the System from the Lessor pursuant to a Master Lease Agreement by and between the Authority and the Lessor (the “Master Lease”). The Authority will agree to pay, among other payments, fixed rent in principal and interest portions to the Lessor, which fixed rent payments will be assigned to the Agent under the Agent Agreement for the benefit of the owners of the Lease Certificates as security for the Lease Certificates. The Authority has pledged its Gross Revenues to secure the payment of the fixed rent and has agreed to operate and maintain the System and to pay operating expenses in connection there with and to

See independent auditor’s report.

THE NORTH HUDSON SEWERAGE AUTHORITY
COUNTY OF HUDSON, STATE OF NEW JERSEY
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JANUARY 31, 2022 AND 2021

1. Authorizing Legislation and Bond Resolution (Continued)

maintain reserves for the benefit of the System. The Authority provided for the payment of the defeased obligations from existing Debt Service Reserve Fund in the amount of \$2,485,695.90 and Debt Service Fund Contribution of \$3,600,000. Funds from the proceeds of the Lease Certificates were used to fund the Debt Service Reserve Fund in the amount of \$21,316,377.04 and Capitalized Interest Fund in the amount of \$10,000,000. Costs of issuance were \$7,186,226.22. During Fiscal Year 2020, \$34,000,000 of the Authority's Gross Revenue Senior Lease Certificates (Series 2012 C) were defeased with funds from the issuance of 2019 \$160,625,000 Gross Revenue Senior Lien Lease Certificates, Series 2019 (Federally Taxable).

There was an original issue premium of \$13,770,101.10 on the Series 2012 A and B Certificates, which is being amortized over the life of the bonds. Funds totaling \$271,852,428.98 were deposited into the Escrow Account to defease \$205,826,733.20 of the Authority's outstanding senior lien debt (Bonds).

On November 22, 2019, the Authority issued \$160,625,000 Gross Revenue Senior Lien Lease Certificates, Series 2019 in order to defease \$151,285,000 of the 2012 Senior Lease Certificates (Series A & C). The Lease Certificates were issued pursuant to an Agent Agreement, by and among TD Bank, National Association (as successor The Bank of New York Mellon), as Agent, Municipal Infrastructure Leasing 1, LLC (the "Lessor") and the Authority, and sold to RBC Capital Markets, LLC (the "Underwriter") in accordance with a Purchase Contract submitted by the Underwriter. Cost of Issuance were \$1,320,803.50. Funds totaling \$163,830,254.76 were deposited into the Escrow Account to defease \$151,285,000 of the Authority's outstanding 2012 senior lien debt.

On October 13, 2021, the Authority issued \$54,200,000 Gross Revenue Senior Lien Lease certificates, Series 2021 in order to refund \$54,170,000 Gross Revenue Senior Lien Lease Certificates (Series 2012B). Costs of issuance were \$596,595.63. Funds totaling \$71,193,275.63, which included \$19,457,107.45 original issue premium, were deposited into the Redemption and Cost of Issuance account to refund the \$54,170,000 outstanding 2012B senior lien certificates.

2. Summary of Significant Accounting Policies

a. Measurement Focus and Basis of Accounting

The financial statements are reported using the economic resources measurement focus and the accrual basis of accounting in accordance with generally accepted accounting principles accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Revenues are recognized in the accounting period when they become susceptible to accrual. Expenditures, if measurable, are recognized in the accounting period in which the liability is incurred, regardless of the timing of related cash flows. Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The Authority applies all (GASB) pronouncements, as well as all Financial Accounting Standards (FASB) statements and interpretations issued.

See independent auditor's report.

THE NORTH HUDSON SEWERAGE AUTHORITY
COUNTY OF HUDSON, STATE OF NEW JERSEY
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JANUARY 31, 2022 AND 2021

2. Summary of Significant Accounting Policies (Continued)

The Authority follows the pronouncements of the GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, which requires the Authority to follow the pronouncements of the GASB in its accounting and financial reporting. GASB Statement No. 62 superseded previous guidance contained in GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Activities That Use Proprietary Funds Accounting*.

GASB 68, *Accounting and Financial Reporting for Pensions*, is effective beginning with the year ending June 30, 2015. The objective of this Statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This Statement replaces the requirements of Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers*, as well as the requirements of Statement No. 50, *Pension Disclosures*, as they relate to pensions that are provided through pension plans administered as trusts or equivalent arrangements that meet certain criteria. As a result of implementation, the Authority was required to restate the financial statements presented for the fiscal year ended January 31, 2015, to reflect the pension liability and resulting change to net position. Amendments to and further clarification of GASB 68, include GASB 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*, GASB 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not Within the Scope of GASB Statement 68 and Amendments to Certain Provisions of GASB 67 and 68.*, and GASB 78, *Pensions Provided Through Certain Multiple-Employer Defined Benefit Pension Plans*.

GASB Statement No. 82, *Pension Issues and amendment of GASB Statements No. 67, No. 68, and No. 73* is effective for the year ending June 30, 2017. This Statement addresses issues regarding (1) the presentation of payroll related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. The adoption this Statement had no impact on the Authority's financial statements.

Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, is effective beginning with the year ending June 30, 2018. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. As a result of implementation, the Authority was required to restate the financial statements presented for fiscal year ended January 31, 2018, to reflect the OPEB liability and resulting change to net position. (See Note 13 and 15).

b. *Cash and Cash Equivalents*

In addition to cash, cash equivalents include investments in direct obligations of the U.S. Government and certain U.S. Government Agencies that are stated at cost. Cash equivalents consist of short-term, highly liquid investments, which are readily convertible into cash within ninety (90) days of purchase. Restricted investments include all funds which are to be used for specific purposes other than operating and general funds.

See independent auditor's report.

THE NORTH HUDSON SEWERAGE AUTHORITY
COUNTY OF HUDSON, STATE OF NEW JERSEY
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JANUARY 31, 2022 AND 2021

2. Summary of Significant Accounting Policies (Continued)

Unrestricted – Cash, Cash Equivalents and Investments

Cash includes petty cash, change funds, cash in banks, savings accounts, money markets, or highly liquid securities with a maturity date of three (3) months or less at the time of purchase which may be withdrawn at any time without prior notice or penalty. Cash equivalents are defined as short-term, highly liquid securities that are both readily convertible to known amounts of cash and so near their maturity that they present insignificant risk of changes in value because of changes in interest rates. Generally, only securities with original maturities of three (3) months or less meet this definition. For the Statements of Cash Flows the Authority includes all cash, cash equivalents and investments.

Restricted – Cash, Cash Equivalents and Investments

Restricted cash, cash equivalents and investments are stated at cost, which approximates market. These assets are restricted for the future redemption of bonds payable and future investments are principally held in interest bearing bank accounts or U.S. Government obligations and are held by independent trustees.

c. Credit Risk-Deposits

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey, which are insured by the Federal Deposit Insurance Corporation (FDIC) or by any other agencies of the United States that insure deposits or the State of New Jersey Cash Management Fund. New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed insurance limits as follows:

- The market value of the collateral must equal 5 percent of the average daily balance of public funds.
- If the public funds deposited exceed 75 percent of the capital funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent.
- All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

All bank deposits as of January 31, 2022 and 2021 are entirely insured or collateralized by a collateral pool maintained by public depositories as required by the Governmental Unit Deposit Protection Act (GUDPA). In general, bank deposits are classified as to credit risk by the three categories described below:

Category 1 - Insured or collateralized with securities held by the Authority or by its agent in the Authority's name.

Category 2 - Collateralized with securities held by the pledging public depository's trust department or agent in the Authority's name.

Category 3 - Un-collateralized, including any deposits that are collateralized with securities held by the pledging public depository, or by its trust department or agent but not in the Authority's name.

In accordance with GASB Statement No. 40, Deposit and Investment Risk Disclosures, the Authority has assessed the Custodial Credit Risk, the Concentration of Credit Risk, Credit Risk and Interest Rate Risk of its Cash and Cash Equivalents and Investments.

See independent auditor's report.

THE NORTH HUDSON SEWERAGE AUTHORITY
COUNTY OF HUDSON, STATE OF NEW JERSEY
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JANUARY 31, 2022 AND 2021

2. Summary of Significant Accounting Policies (Continued)

Custodial Credit Risk – The Authority’s deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are: uncollateralized, collateralized with securities held by the pledging financial institution’s trust department or agent but not in the depository government’s name. The deposit risk is that, in the event of the failure of a depository financial institution, the Authority will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The Authority’s investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the Authority’s and are held by either: the counterparty or the counterparty’s trust department or agent but not in the Authority’s name. The investment risk is that, in the event of the failure of the counterparty to a transaction, the Authority will not be able to recover the value of the investment or collateral securities that are in the possession of an outside party.

At January 31, 2022 and 2021, the Authority’s bank balance was not exposed to custodial credit risk since the full amount was covered either by FDIC insurance or GUDPA. The Authority’s policy is based on New Jersey Statutes requiring cash be deposited only in New Jersey based banking institutions that participate in NJ GUDPA or in qualified investments established in N.J.S.A. 40A: 5-15.1.

d. Investment

New Jersey Statutes permit the following investments for local funds:

- Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America.
- Government money market mutual funds.
- Any federal agency or instrumentality obligation authorized by Congress that matures within 397 days from the date of purchase and has a fixed rate of interest not dependent on any index or external factors.
- Bonds or other obligations of the local unit or school districts of which the local unit is a part.
- Any other obligations with maturities not exceeding 397 days, as permitted by the Division of Investments.
- Local government investment pools, such as New Jersey CLASS, and the New Jersey Arbitrage Rebate Management Program.
- New Jersey State Cash Management Fund.
- Repurchase agreements of fully collateralized securities, subject to the following conditions: 1) the underlying securities are permitted investments 2) the custody of the collateral is transferred to a third party 3) the maturity of the agreement is not more than 30 days 4) the underlying securities are purchased through a GUDPA bank and 5) a master repurchase agreement providing for the custody and security of collateral is executed.
- Obligations issued by the State and its agencies.

See independent auditor’s report.

THE NORTH HUDSON SEWERAGE AUTHORITY
COUNTY OF HUDSON, STATE OF NEW JERSEY
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JANUARY 31, 2022 AND 2021

2. Summary of Significant Accounting Policies (Continued)

Investment (Continued)

Any investments not purchased and redeemed directly from the issuer, government money market mutual fund, local government investment pool, or the State of New Jersey Cash Management Fund, must be purchased and redeemed through the use of a GUDPA approved bank or through a securities broker-dealer which is registered with the New Jersey Bureau of Securities.

In general, investments are classified as to credit risk by the three categories described below:

Category 1 - Insured or registered, or securities held by the Authority or by its agent in the Authority's name.

Category 2 - Uninsured and unregistered, with securities held by the counter-party's trust department or agent in the Authority's name.

Category 3 - Uninsured and unregistered, with securities held by the counterparty, or by its trust department or agent but not in the Authority's name.

During the years ended January 31, 2022 and 2021, the Authority invested primarily in bonds or obligations of the United States of America, money market funds, and certificates of deposits due within one year of purchase.

In accordance with the 2012 Master Lease Agreement in connection with the issuance of the Senior Lease Certificates, the Security Agent Bank will invest solely in investment securities at the written direction of the Authority, provided, however, in the absence of such instructions from the Authority, the Lessor shall in writing direct the Security Agent Bank to invest such monies in investment securities.

In accordance with GASB Statement No. 40, Deposit and Investment Risk Disclosures, the Authority has assessed the Concentration of Credit Risk, Credit Risk and Interest Rate Risk of its Investments.

Concentration of Credit Risk - This is the risk associated with the amount of investments the Authority has with any one issuer that exceed 5 percent of its total investments. Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pool, and other pooled investments are excluded from this requirement. The Authority places no limit on the amount it may invest in any one issuer. As of January 31, 2022, the Authority was not exposed to a concentration of credit risk.

Credit Risk - GASB 40 requires that disclosure be made as to the credit rating of all debt security investments except for obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government. This is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. In general, the Authority does not have an investment policy regarding credit risk except to the extent previously outlined under the Authority's investment policy.

Interest Rate Risk - This is the risk that changes in interest rates will adversely affect the fair value of an investment. The Authority does not have a written policy that limits investment maturities as a means of managing its exposure to fair value losses arising from interest rate fluctuations. However, N.J.S.A. 40A:15-15.1(a) limits the length of time for most investments to 397 days.

See independent auditor's report.

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JANUARY 31, 2022 AND 2021

2. Summary of Significant Accounting Policies (Continued)

e. Inventory

Purchase of materials, supplies and chemicals are recorded as an expenditure when purchased. The Authority does not maintain an inventory of these purchases. The balance on hand at January 31, 2022, and January 31, 2021 was determined not to be material.

f. Capital Assets

Capitalization Policy-Capital assets are reported at cost, including all ancillary charges necessary to place the assets in their intended location and condition for use. If land is purchased, the capitalized amount includes the purchase price plus costs such as legal fees, filling, and excavation costs incurred to put the land in condition for its intended use. The capitalized amounts for building include both acquisition and capital improvement costs and net construction period interest. An asset is deemed substantially complete when the structure or project is ready for the purpose for which it was constructed. The cost to construct, acquire or replace an existing asset (or otherwise prolong the useful life of an existing asset) is capitalized under the Authority's capitalization policy. The capitalization threshold is \$5,000 and includes equipment valued over \$5,000 or any purchase related to a capital project whose project value exceeds \$5,000.

g. Restricted Accounts

Set forth below are statements which are summaries of certain provisions of the Master Lease Agreement with Municipal Infrastructure Leasing 1 Inc. in connection with the issuance of the Gross Revenue Senior Lien Lease Certificates Series 2012.

All revenues of the Authority are deposited into the Revenue Fund. Payments from the Revenue Fund are made no later than the last business day of the month into the several funds in the following order of preference:

- A) Certificate Fund - the amount sufficient to pay fixed rent for the month and amounts representing unpaid Fixed Rent or portions thereof for prior months and the amount of any additional rent for payment to the Lessor and, if applicable, deposit in accordance with the Agent Agreement.
- B) Reserve Fund – from the remaining balance, if any, the amount required to be deposited for such Certificates established under the Agent Agreement, to make the amount on deposit therein equal to the applicable Reserve Fund Requirement.
- C) Operating Fund – from the remaining balance to the amount, if any, necessary to make the deposit therein equal to the Operating Fund Requirement to pay the Authority's Operating Expenses.
- D) Renewal and Replacement Fund – from the remaining balance, if any, to the amount needed to equal one thirty-sixth (1/36) of the amount necessary to make the total deposit in such Fund equal to the Renewal and Replacement Fund Requirement.
- E) Subordinate Debt Fund – from the remaining balance, if any, the amount necessary to pay the amount coming due on the Subordinated Debt, if any, in such month.

2. Summary of Significant Accounting Policies (Continued)

h. Restricted Accounts (Continued)

F) Rent (Rate) Stabilization/General Fund – from the remaining balance, if any, an amount necessary to make the total deposit in such account equal to the Rent Stabilization Requirement and, thereafter, to the General Fund.

At least once in each fiscal year, and not later than, as will be necessary, to enable rates to be in full force and effect on the first day of the next ensuing Fiscal Year, the Rate Consultant or Consulting Engineer will file with the Authority, the Security Agent Bank and the Agent a certificate (the “Consultant’s Certificate”) recommending and setting forth in tabular form as to the such Fiscal Year the following:

- a) Annual Debt Service Requirements
- b) Sum of all amounts estimated to be paid into and credited to the Revenue Fund, Reserve Fund and the Renewal and Replacement Fund
- c) Amount to be maintained in the Rent Stabilization Requirement
- d) Amount anticipated to be transferred from the General Fund to the Subordinated Debt Fund
- e) Estimated volume of sewage expected to be disposed of by operation of the System and setting forth the minimum rates and charges for such Fiscal Year necessary and required to be in effect for the whole of such Fiscal Year so as to comply with the above provisions.

i. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

3. Cash, Cash Equivalents and Investments

The Authority had the following held by the custodial banks at January 31:

	2022	2021
Current Operating Accounts	\$ 30,412,917.85	\$ 27,550,835.50

4. Property, Plant and Equipment

Property, plant and equipment is stated at cost which includes the cost of construction and acquisition of such projects, engineering, administrative and financial expenses, interest on bonds during construction, and organization expenses, less income earned on unexpected construction funds.

On September 13, 1989, the Authority took title to certain existing sewerage assets via negotiated purchase from the City of Hoboken, City of Union City and the Township of Weehawken. The cost of the property was allocated to buildings, improvements, machinery and equipment. On October 15, 1996, the Authority acquired all the existing wastewater conveyance and treatment facilities of the Town of West New York.

Estimated useful lives, in years, for depreciable assets are as follows:

Beginning February 1, 1991, the Authority has depreciated the assets currently in service using the straight-line method of depreciation with a capitalization threshold of \$5,000.

Building and grounds	5-75
Improvements	2-75
Mobile equipment	3-30

5. Current Debt

Short-term, temporary debt outstanding as of January 31, 2022 consisted of a six Construction Loans issued by the New Jersey Infrastructure Bank in the total amount of \$47,044,183 for: 2018 Green Infrastructure, H6/H7/ LTCP Phase I, 2020 Cleaning and Lining Program, Vactor truck and CCTV truck, PURAC Phase III, and Combined Sewer Long Term Control Plan. The construction loans are expected to be permanently financed in fiscal year 2023 with New Jersey Infrastructure Bank.

6. Long-Term Debt

Gross Revenue Senior Lien Lease Certificates - The Authority borrows money in order to acquire land, equipment, construct buildings and improvements, or refinance outstanding debt. This enables the cost of these capital assets to be borne by the present and future ratepayers receiving the benefit of the capital assets. The provision to be made in future budgets for capital indebtedness represents the amount exclusive of interest, authorized to be collected in future years from taxpayers and others for liquidation for the long-term liabilities.

6. Long-Term Debt (Continued)

GASB 23 states that “in-substance defeasance” costs must be deferred and amortized over the remaining life of the old or new debt, whichever is shorter.

On May 24, 2012, the Authority issued Gross Revenue Senior Lien Lease Certificates dated May 24, 2012. The proceeds of the Certificates were used to defease and redeem all of its then outstanding senior lien debt (Bonds) in the amount of \$205,826,733; and to refund its then outstanding project note in the amount of \$37,750,000; and settle all claims arising from the Structured Financing Transaction in an estimated amount of \$12,000,000. The aforementioned retirement resulted in a loss on defeasance of \$81,484,818.14. On August 12, 2016, the Authority defeased \$8,795,000 of its 2012 A Tax-Exempt Gross Revenue Lien Certificates and \$13,995,000 of its 2012B Taxable Gross Revenue Senior Lien Lease Certificates using funds in the General Fund. The aforementioned retirement resulted in a loss on defeasance of \$3,031,439.05. On August 10, 2020, the Authority defeased \$18,825,000 of its 2012 A Tax-Exempt Gross Revenue Lien Certificates using funds in the General Fund. The aforementioned retirement resulted in a loss on defeasance of \$ 1,675,668.75. On November 22, 2019, the Authority issued \$160,625,000 Gross Revenue Senior Lien Lease Certificates, Series 2019 in order to defease \$151,285,000 of the 2012 Senior Lease Certificates (Series A & C). The aforementioned defeasance resulted in a loss on defeasance of \$9,349,451.18. The Authority also purchased Prepaid Bond Insurance in the amount of \$300,242.34. On October 31, 2021, the Authority issued \$54,200,000 Gross Revenue Senior Lien Certificates, Series 2021, in order to refund \$54,170,00 of the 2012 Senior Lease Certificates (Series B). The aforementioned refunding resulted in a loss on refunding of \$19,694,257.99. The Authority also purchased Prepaid Bond Insurance in the amount of \$150,991.17. Reference to Schedule 10 will show the amortization for fiscal year ended 2022 and 2021 was \$8,738,768.83 and \$8,242,637.60 leaving a remaining balance of \$ 40,288,371.45.

7. Amortization of Deferred Outflows of Resources

Cost of Issuance / Debt Discount/ Premium

Gross Senior Lien Lease Certificates (Series 2012 A, B, C) - cost of issuance was \$7,186,226.22. This amount was fully expensed as per implementation of GASB 65. The Series 2012 Lien Certificates were also issued at a premium of \$13,770,101.10. During fiscal year 2018 and 2019 respectively, there was a gain that resulted from the refunding of various New Jersey Infrastructure loans in the amount of \$314,000 and \$1,186,690.55. The Series 2021 Lien Certificates were issued at a premium of \$19,457,107.45. The total deferred premiums and gains totaled \$34,727,899.10. Amortization for the fiscal year ended January 31, 2022 and 2021 was \$1,182,626.91 and \$696,199.22, leaving a remaining balance of \$29,122,615.44 (Premium \$28,581,062.82 and Gain \$541,522.62).

8. Contingencies

Litigation

The Authority is party to various legal proceedings which normally occur in governmental operations and the Authority’s attorney has reported in accordance with Financial Accounting Standards No.5 the following: there exists no pending or threatened litigation involving the Authority not otherwise covered by insurance or indemnification agreements that is material.

9. Grant Revenues

In October of 2012, the Authority incurred expenditures for emergency repairs as a result of hurricane Sandy. In September of 2021, the Authority incurred expenditures for emergency repairs as a result of hurricane Ida. The Authority is currently working with the Department of Homeland Security Disaster Grants- Public Assistance to obtain funding to complete the emergency repairs. During the fiscal year ended January 31, 2022 the Authority had incurred additional expenditures as a result of hurricane Ida of \$105,781.96, with a grant award of \$95,203.76 and had a receivable balance from FEMA of \$ 208,441.57. The total cost of these repairs is expected to be approximately \$13,802,700.58. Insurance proceeds received in 2014 were \$5,000,000 and requests for FEMA monies will be approximately \$7,922,430.52 net of 10% Authority share of costs of \$880,270.06. The Authority adjusted its FEMA receivable to reflect the 10% Authority share of costs, which resulted in a decrease of the grant revenue of (\$534,559.79) in fiscal year 2020 and (14,843.49) in fiscal year 2022.

The Authority is in the process of applying for a COVID-19 FEMA grant from the Department of Homeland Security. The expected grant award of \$33,393.69 for approved expenditures is \$37,104.10, and has reflected this amount as a grants receivable for the fiscal year ended January 31, 2022.

The Authority was also awarded a grant from NJ Department of Environmental Protection in the amount of \$5,000 for electric vehicle charging stations under the NJDEP IT Pay\$ to Plug In Program.

10. Allowance for Doubtful Accounts

Management reviews user charges receivables periodically, to determine if the allowance for doubtful accounts needs to be adjusted. The balance of the user charges receivable was \$9,981,416.88 and \$9,732,609.44 for fiscal year ending January 31, 2022 and 2021, respectively. Interest and penalties receivable was \$1,375,396.06 and \$1,624,265.76 for the fiscal year ending January 31, 2022 and 2021, respectively. The reserve for doubtful accounts at January 31, 2022, and 2021 was \$2,400,000.

11. Net Position

Net position represents the difference between the Authority's assets and liabilities. Net position is categorized into three components:

Invested in capital asset, net of related debt - This component of net assets consists of capital assets, net of accumulated depreciation and amortization and reduced by the outstanding balances of any bonds, notes or other borrowings.

Restricted - Net position is reported as restricted when constraints are placed on the use of the net assets by either creditors, grantors, contributors, or laws or regulations of other governments; or imposed by law through constitutional provisions or enabling legislation.

Unrestricted - Net position that does not meet the definition of invested in capital assets, net of related debt or restricted.

12. Master Lease Agreement Cash Flow Requirements:

The specific master lease requirements are as follows:

Section 3.17 Rates and Charges. (a) With respect to the use of the System, the Lessee will, make, impose, charge and collect Gross Revenues and other charges in accordance with the terms of the Sewerage Authorities Law, other applicable laws of the State of New Jersey, and as provided for in paragraph (b) below.

(b) Such Gross Revenues and other charges for or with respect to the use of the System shall be so estimated, computed, made, charged, imposed, collected and revised from time to time so that the Gross Revenues and other charges which are collected by the Lessee and paid to the Security Agent bank pursuant to the terms of the Lease for each Fiscal Year (less any amounts transferred from the Revenue Fund to the Rent Stabilization Account in such Fiscal Year) will be at least sufficient to provide an amount which is equal to the sum of: (1) 115% of the Annual Debt Service Requirement; (2) 100% of the annual debt service requirements on any Subordinated Debt for such Fiscal Year (giving effect to moneys which are on deposit, or which are anticipated to be on deposit, in the Subordinated Debt Service Fund at the beginning of such Fiscal Year); (3) 100% of the amount necessary to pay Operating Expenses of the Lessee in each Fiscal Year (giving effect to moneys which are on deposit, or which are anticipated to be on deposit, in the Operating Fund at the beginning of such Fiscal Year); (4) the amounts necessary to provide in each Fiscal Year the respective amount, if any, which is needed so that the amount which is on deposit in the (i) Renewal and Replacement Fund will equal the Renewal and Replacement Fund Requirement; (ii) Reserve Fund will equal the Reserve Fund Requirement, and (iii) Rent Stabilization Account will equal the Rent Stabilization Requirement; (5) to provide for the payment of all other charge or liens which are related to the System whatsoever which are payable by the Lessee out of such rents, fees and charges during such Fiscal Year; and (6) to provide in such Fiscal Year for payment of any additional amounts which are necessary to comply with the provisions of the Agent Agreement and the Lease and all other statutory and legal obligations of the Lessee. In addition to the requirement of the preceding sentence, such Gross Revenues and other charges which are collected by the Lessee and paid to the Security Agent Bank for each Fiscal Year (less any amounts transferred from the Revenue Fund to the Rent Stabilization Account in such Fiscal Year) will be at least sufficient to provide an amount which is equal to the sum of: (1) 110% of the sum of (a) the Annual Debt Service Requirement for each Fiscal Year and (b) the annual debt service requirements on any Subordinated Debt for such Fiscal Year (giving effect to moneys which are on deposit, or which are anticipated to be on deposit, in the Subordinated Debt Service Fund at the beginning of such Fiscal Year); (2) 100% of the amount necessary to pay Operating Expenses of the Lessee in each Fiscal Year (giving effect to moneys which are on deposit, or which are anticipated to be on deposit, in the Subordinated debt Service Fund at the beginning of such Fiscal Year); (3) the amounts necessary to provide in each Fiscal Year the respective amount, if any, which is needed so that the amount which is on deposit in the (i) Renewal and Replacement Fund will equal the Renewal and Replacement Fund requirement; (ii) Reserve Fund will equal the Reserve Fund requirement, (iii) Rent Stabilization Account will equal the Rent Stabilization Requirement; (4) to provide for the payment of all other charges or liens which are related to the System whatsoever which are payable by the Lessee out of such rents, fees and charges during such Fiscal Year; and (5) to provide in such Fiscal Year for payment of any additional amounts which are necessary to comply with the provisions of the Agent Agreement and the Lease and all other statutory and legal obligations of the Lessee. Copies of every schedule of rates, charges, and revisions thereof prescribed or adopted by the Lessee will be filed promptly with the Rate Consultant and the Lessor. Notwithstanding the provisions of this Section, the Authority shall not be required to charge Revenues and other charges if, and in the opinion of the Consulting Engineer, such rents, fees and other charges would result in a decrease in Gross Revenues of the Authority and in determining compliance.

Sewer Charge due dates are February 1st, May 1st, August 1st, and November 1st.

14. Retirement Plans

Description of Plans

Employees who are eligible for a pension plan are enrolled in the State administered plan, the Public Employees' Retirement System (PERS) or the Defined Contribution Retirement Program (DCRP). The Public Employees' Retirement System (PERS) was established in January, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State or any county, municipality, school district or public agency provided the employee is not required to be a member of another State-administered retirement system or other state or local jurisdiction. According to the State of New Jersey Administrative Code, all obligations of the system will be assumed by the State of New Jersey should the system terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for PERS. This report may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625 or can be found at www.state.nj.us/treasury/pensions/annrprts.shtml.

The Division annually charges participating governmental units for their respective contributions to the PERS based upon actuarial methods. Contributions to the DCRP are charged at a rate of 3% of the respective member's base salary. Employees are required to contribute to the PERS and DCRP at a rate of 5.5% of their base salary. The Authority share of pension costs charged to the 2021-22 and 2020-21 budget amounted to \$15,093.73 and \$187,400.29, respectively. The fiscal year 2021-22 charged reflects an adjustment due to amortization of deferred outflows and inflows in the amount of (\$110,895). The actual amount due for pension expense was \$123,247. Employees are also covered by the Federal Insurance Contribution Act, (Social Security).

Summary of Significant Accounting Policies -PERS

GASB 68, *Accounting and Financial Reporting for Pensions*, is effective beginning with the year ending June 30, 2015. The objective of this Statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This Statement replaces the requirements of Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers*, as well as the requirements of Statement No. 50, *Pension Disclosures*, as they relate to pensions that are provided through pension plans administered as trusts or equivalent arrangements that meet certain criteria.

Amendments to and further clarification of GASB 68, include GASB 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*, GASB 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not Within the Scope of GASB Statement 68 and Amendments to Certain Provisions of GASB 67 and 68.*, and GASB 78, *Pensions Provided Through Certain Multiple-Employer Defined Benefit Pension Plans* and GASB Statement No. 82, *Pension Issues and amendment of GASB Statements No. 67, No. 68, and No. 73* which addresses issues regarding (1) the presentation of payroll related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements.

FOR THE FISCAL YEARS ENDED JANUARY 31, 2022 AND 2021

14. Retirement Plans (Continued):

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions- PERS

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the PERS and additions to/deductions from PERS fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

At January 31, 2022 and 2021, the Authority reported a liability of \$1,246,713 and \$1,356,110 respectively, for its proportionate share of the net pension liability. The total pension liability in the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. The Authority's proportion of the net pension liability is based on the ratio of the contributions as an individual employer to total contributions to the PERS during the years ended June 30, 2021 and 2020. At June 30, 2021 and 2020, the District's proportion was .0105239% and 0.008316%, which was an increase of .0022079% from its proportion measured as of June 30, 2020.

For the fiscal year ended January 31, 2022, the Authority recognized pension expense of \$12,352, based on a pension payable of \$123,247 net with a pension adjustment of (\$110,895) due to amortization of deferred amounts. At January 31, 2022 and 2021, the Authority reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	January 31, 2022		January 31, 2021

FOR THE FISCAL YEARS ENDED JANUARY 31, 2022 AND 2021

14. Retirement Plans (Continued):

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions- PERS

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	Year Ended June 30:
2022	\$ (294,170)
2023	(210,037)
2024	(143,209)
2025	(107,651)
2026	42
Total	\$ (755,025)

Changes in Proportion-The previous amounts do not include employer specific deferred outflows of resources and deferred inflows of resources related to changes in proportion. These amounts should be recognized (amortized) by each employer over the average of the expected remaining service lives of all plan members, which is 5.13, 5.16, 5.21, 5.63, 5.48, and 5.57 years for the years for the 2021, 2020, 2019, 2018, 2017, and 2016 amounts, respectively.

	6/30/2021	6/30/2020
Collective deferred outflows of resources	\$ 248,531,007	\$ 1,383,360,202
Collective deferred inflows of resources	7,422,916,600	6,885,726,332
Collective net pension liability (Non-State-Local Group)	11,972,782,878	16,435,616,426
Authority's portion of net pension liability	1,246,713	1,356,110
Authority's proportion %	0.0105238914%	0.0083159227%

Actuarial assumptions. The total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. The actuarial valuation used the following actuarial assumptions:

Inflation Rate:	
Price	2.75%
Wage	3.25%
Salary Increases:	
Through 2026	2.00% – 6.00% based on years of service.
Thereafter	3.00% – 7.00% based on years of service.
Investment Rate of Return:	7.00%

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Postretirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

See independent auditor's report.

THE NORTH HUDSON SEWERAGE AUTHORITY
COUNTY OF HUDSON, STATE OF NEW JERSEY
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JANUARY 31, 2022 AND 2021

14. Retirement Plans (Continued):

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

Long-Term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments (7.00 % at June 30, 2021) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2021 are summarized in the following table:

Asset Class	Target Allocations	Long-Term Expected Real Rate of Return
US Equity	27.00%	8.09%
Non-US Developed Market Equity	13.50%	8.71%
Emerging Market Equity	5.50%	10.96%
Private Equity	13.00%	11.30%
Real Assets	3.00%	9.15%
Real Estate	8.00%	7.40%
High Yield	2.00%	3.75%
Private Credit	8.00%	7.60%
Investment Grade Credit	8.00%	1.68%
Cash Equivalents	4.00%	0.50%
US Treasuries	5.00%	0.95%
Risk Mitigation Strategies	3.00%	3.35%

Discount rate. The discount rate used to measure the total pension liability was 7.00% and 7.00% and as of June 30, 2021 and 2020, respectively. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of the actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments to determine the total pension liability.

See independent auditor's report.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate. The following presents the Borough's proportionate share of the net pension liability measured as of June 30, 2021 and 2020, calculated using the discount rate of 7.00% and 7.00% respectively, as well as what the Borough's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	<u>1% Decrease</u>	<u>Rate</u>	<u>1% Increase</u>
	(6.00%)	(7.00%)	(8.00%)
Borough's proportionate share of the net pension liability	\$ 1,697,770	\$ 1,246,713	\$ 863,927
June 30, 2020			
	<u>1% Decrease</u>	<u>Rate</u>	<u>1% Increase</u>
	(6.00%)	(7.00%)	(8.00%)
Borough's proportionate share of the net pension liability	\$ 1,707,116	\$ 1,356,110	\$ 1,058,272

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued State of New Jersey Divisions of Pensions and Benefits financial report at <http://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

PERS Vesting and Benefit Provisions - The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B. All benefits vest after ten years of service, except for medical benefits that vest after 25 years of service or under disability provisions of PERS. Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more of service credit before age 62, and tier 5 with 30 years or more of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance to their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

See independent auditor's report.

14. Retirement Plans (Continued):

Notes to required supplementary information: Pension Schedule 11 PERS:

Changes of benefit terms. The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS.

Changes of assumptions. Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Postretirement table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

Defined Contribution Retirement Program

The Defined Contribution Retirement Program (DCRP) was established on July 1, 2007 under provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 and was expanded under the provisions of Chapter 89, P.L. 2008 and Chapter 1, P.L. 2010. The program provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. The Defined Contribution Retirement Program Board oversees the DCRP, which is administered for the Division of Pensions and Benefits by Prudential Financial.

Under DCRP, the value of the pension is based on the amount of the contributions made by the employees and employer and through investment earnings. The employee, through options provided under the plan, directs investment of contributions. The employee contribution to DCRP is 5.5% of defined salary and the employer contributes 3%. The employer also makes contribution for eligible members' life insurance and disability coverage under DCRP. The Authority's contributions to DCRP were \$2,741.73 and \$2,693.29 in fiscal year 2022 and 2021, respectively.

Deferred Compensation Plan

The Authority maintains a Deferred Compensation Plan in accordance with Internal Revenue Code Section 457.

Any employee of the Authority is eligible to participate in the Plan. Participation in the Plan is entirely voluntary on the part of each employee. The Authority does not and is not required to make contributions to the Plan. Great West Life & Annuity are the Administrators of the Plan.

See independent auditor's report.

15. Other Post Retirement Benefits

The Authority contributes to the State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq., to provide health benefits to State employees, retirees, and their dependents. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. On April 19, 2007, NHSA authorized participation in the SHBP's post-retirement benefit program through resolution number 07-045. Pursuant to N.J.S.A. 40A:10-23, the Authority shall pay the entire cost of health care insurance coverage for its retired employees and their eligible dependents under the following circumstances: 1. Retirement on a disability pension; 2. Retirement after 25 years or more of service credits in a State or locally administered retirement system and 5 years or more of service with the Authority at the time of retirement; 3. Retirement at age 62 years or older with at least 15 years of service with the Authority.

The State of New Jersey sponsors and administers the following post-retirement health benefit program covering substantially all eligible local government employees from local participating employers.

State Health Benefit Program Fund- Local Government Retired (the Plan) (including Prescription Drug Program Fund) - N.J.S.A. 43 :3c-24 established a separate trust fund for certain non-State participating employers to provide funding for State Health Benefit Program coverage to its eligible retirees. Under the provisions of Chapter 330, P.L. 1997, the State of New Jersey provides partially funded benefits to local police officers and firefighters who retire with 25 years of service (or on disability) from an employer who does not provide coverage. Retirees who are not eligible for employer paid health coverage at retirement can continue in the program by paying the cost of the insurance for themselves and their covered dependents. For additional information about the Plan, please refer to the State Division of Pensions and Benefits (Division's) Annual Comprehensive Financial Report (ACFR) which can be found at www.state.nj.us/treasury/pensions.

The Plan provides medical and prescription drug to retirees and their covered dependents of the employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retires with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retires and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiation agreement.

See independent auditor's report.

THE NORTH HUDSON SEWERAGE AUTHORITY
COUNTY OF HUDSON, STATE OF NEW JERSEY
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JANUARY 31, 2022 AND 2021

15. Other Post Retirement Benefits (Continued)

In accordance with Chapter 330, P.L. I 997, which is codified in N.J.S.A. 52: 14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level coverage.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the above Fund. The financial reports may be accessed via, the New Jersey, Division of Pensions and Benefits website at www.state.nj.us/treasury/pensions.

Measurement Focus and Basis of Accounting

The financial statements of the OPEB plan are prepared in accordance with U.S. generally accepted accounting principles as applicable to government organizations. In doing so, the Division adheres to reporting requirements established by the Governmental Accounting Standards Board (GASB). Such preparation requires management of the plan to make a number of estimates relating to the reported amounts. Due to the inherent nature of these estimates, actual results could differ from estimates. The accrual basis of accounting is used for measuring financial position and changes in net position of the other postemployment benefit plan. Under this method, contributions are recorded in the accounting period in which they are legally due from the employer or plan member, and deductions are recorded at the time the liabilities are due and payable in accordance with the terms of each plan. The accounts of the Division are organized and operated on the basis of funds. All funds are accounted for using an economic resources measurement focus.

Investments are reported at fair value. Investments that do not have an established market are reported at estimated fair values.

As of June 30, 2021, the most recent measurement date, the State had \$17,999,781,235 unfunded actuarial liability for other postemployment benefits (OPEB) which is made up of \$3,861,357,890 for state non-employer active and retired members, \$14,138,423,345 for local participating employer active and retired members.

The funded status and funding progress of the OPEB includes actuarial valuations which involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. These amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the probability of future events.

See independent auditor's report.

THE NORTH HUDSON SEWERAGE AUTHORITY
COUNTY OF HUDSON, STATE OF NEW JERSEY
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JANUARY 31, 2022 AND 2021

15. Other Post Retirement Benefits (Continued)

Funded Status and Funding Progress

Actuarial calculations reflect a long-term perspective and are based on the benefits provided under the terms of the OPEB in effect at the time of each valuation and also consider the pattern of the sharing of costs between the employer and members at the point in time. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and members in the future.

Actuarial Methods and Assumptions

In the June 30, 2021 OPEB actuarial valuations, the actuarial assumptions and methods used in these valuations were described in the Actuarial Assumptions and Methods section of the Actuary's report and are included here in this note to the financial statements. The Plan selected economic and demographic assumptions and prescribed them for use for purposes of compliance with GASB Statement No. 75. The Actuary provided guidance with respect to these assumptions, and it is their belief that the assumptions represent reasonable expectations of anticipated plan experience.

Plan Membership and Contributing Employers

At June 30, 2019, the OPEB plan membership and contributing employers consisted of the following:

<u>Local Government Retired</u>	<u>June 30, 2019</u>
Active Plan Members	62,547
Inactive Plan Members or Beneficiaries Currently Receiving Benefits	<u>30,614</u>
Total Plan Members	93,161

Post-Retirement Medical Benefits Contribution

The funding policy for the OPEB plan is pay-as-you-go; therefore, there is no prefunding of the liability. However, due to premium rates being set prior to each calendar year, there is a minimal amount of net position available to cover benefits in future years. Contributions to pay for the health benefit premiums of participating employees in the OPEB plan are collected from the State of New Jersey, participating local employers, and retired members. The State of New Jersey makes contributions to cover those employees eligible under Chapter 330, P.L. 1967, as disclosed previously. Local employers remit employer contributions on a monthly basis. Retired member contributions are generally received on a monthly basis.

See independent auditor's report.

THE NORTH HUDSON SEWERAGE AUTHORITY
COUNTY OF HUDSON, STATE OF NEW JERSEY
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JANUARY 31, 2022 AND 2021

15. Other Post Retirement Benefits (Continued)

Post-Retirement Medical Benefits Contribution

The State sets the employer contribution rate based on a pay-as-you-go basis rather than the actuarial determined contribution an amount actuarially determined in accordance with the parameters of GASB Statement No. 75. The actuarial determined contribution represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and any unfunded actuarial liabilities (or funding excess) of the plan-using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with OPEB through the Plan. The Authority's contributions to the State Health Benefits Program Fund Local Government Retired Plan for post-retirement benefits for the year ended January 31, 2022 was \$70,616, which equaled the required contributions for the year. Contributions to pay for the health premiums of participating retirees in the SHBP are billed to the Authority on a monthly basis. Funds for retiree health premiums are raised each year in the Authority's budget.

OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The accrual basis of accounting in accordance with generally accepted accounting principles accepted in the United States of America (GAAP) as applied to governmental units, requires participating employers in the State Health Benefit Program Fund –Local Government Retired Plan to accrue and disclose in accordance with GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pension (GASB No. 75)* their proportionate share of the collective net OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources and collective OPEB expense excluding that attributable to retiree-paid member contributions. The employer allocation percentages presented are based on the ratio of the contributions made as an individual employer toward the actuarially determined contribution amount to total contributions to the plan during the fiscal years ended June 30, 2021 and 2020. Employer allocation percentages have been rounded for presentation purposes.

At January 31, 2022 and 2021, the Authority reported a liability of \$2,046,395 and \$2,066,732, respectively, for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2021 and 2020, respectively, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of July 1, 2020. The Authority's proportionate share of the net OPEB liability was based on the ratio of the Authority's proportionate share of the OPEB liability attributable to the Authority at January 31, 2022 and 2021 to the total OPEB liability for the State Health Benefit Program Fund- Local Government Retired Plan at June 30, 2021 and 2020, respectively. As of the measurement date of June 30, 2021 the Authority's proportionate share was .011369 percent, which was a decrease of .000147 percent from its proportionate share measured as of June 30, 2020 of .011516 percent.

See independent auditor's report.

15. Other Post Retirement Benefits (Continued)

OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended January 31, 2022 the Plan has determined the Authority's OPEB expense (benefit) to be \$33,272 based on the actuarial valuations. At January 31, 2022, measured at June 30, 2021, the Authority's deferred outflows of resources and deferred inflows of resources related to the OPEB plan reported on the Authority's financial statements are from the following resources:

	June 30, 2021		June 30, 2020	
	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflow of Resources</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflow of Resources</u>
Difference between expected and actual experience	\$ 45,919	\$ 428,136	\$ 54,436	\$ 384,864
Changes of assumptions	294,380	361,724	309,118	459,609
Net difference projected and actual earnings on OPEB plan investments	978		1,312	
Changes in proportion and differences between Authority's and proportionate share of contributions	377,718	140,834	456,279	134,762
Authority's contributions subsequent to the measurement date				
Total	<u>\$ 718,995</u>	<u>\$ 930,694</u>	<u>\$ 821,145</u>	<u>\$ 979,235</u>

At June 30, 2021, the amounts reported as deferred outflows of resources and deferred inflows of resources related to the OPEB plan will be recognized in OPEB expense as follows:

	Year Ended June 30:
2022	\$ (122,189)
2023	(122,349)
2024	(122,496)
2025	(87,475)
2026	(14,705)
Thereafter	20,631
Total	<u>\$ (448,583)</u>

Changes in Proportion

The previous amounts do not include employer specific deferred outflows and deferred inflows of resources related to changes in proportion. These amounts should be recognized (amortized) by each employer over the average remaining useful life of all plan members, which is 7.82, 7.87, 8.05, 8.14 and 8.04 years for the 2021, 2020, 2019, and 2018 amounts, respectively.

See independent auditor's report.

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JANUARY 31, 2022 AND 2021

15. Other Post Retirement Benefits (Continued)

OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

Actuarial Assumptions

The Borough's total OPEB liability reported for the year ended January 31, 2022 was based on the June 30, 2021 measurement date as determined by an actuarial valuation as of June 30, 2020, which was rolled forward to June 30, 2021. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement date:

Inflation rate:	2.50%
Salary Increases*:	
PERS-Through 2026	2.00-6.00%
Thereafter	3.00-7.00%
PFRS- Rate for Future Years	3.25-15.25%

Mortality:

PERS	Pub-2010 General classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2021.
PFRS	Pub-2010 Safety classification headcount weighted mortality with fully generational mortality improvement projections from central year using Scale MP-2021.

*Salary increases are based on years of service within the respective plan.

Actuarial assumptions used in the July 1, 2020 valuation were based on the results of the PFRS and PERS experience studies prepared for July 1, 2013 to June 30, 2018 and July 1, 2014 to June 30, 2018, respectively.

100% of active members are considered to participate in the Plan upon retirement.

Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend is initially 5.6% and decreases to a 4.5% long-term trend rate after seven years. For post-65 medical benefits, the actual fully insured Medicare Advantage trend rates for fiscal year 2022 through 2022 are reflected. The rates used for 2023 and 2024 are 21.83% and 18.53%, respectively, trending to 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.0% and decreases to a 4.5% long-term trend rate after seven years.

See independent auditor's report.

15. Other Post Retirement Benefits (Continued)

OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

Discount rate

The discount rate used to measure the total pension liability was 2.16% and 2.21% as of June 30, 2021 and 2020, respectively. This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Sensitivity of Net OPEB Liability to Changes in the Discounts Rate

The following presents the Authority's proportionate share of the OPEB net liability as of January 31, 2021 and 2020 calculated using the discount rate of 2.16% and 2.21%, respectively, as well as what the Authority's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

		June 30, 2021		
		<u>1% Decrease</u>	<u>Rate</u>	<u>1% Increase</u>
		<u>1.16%</u>	<u>2.16%</u>	<u>3.16%</u>
Authority's proportionate share of the net OPEB				
liability	\$	2,408,214	\$ 2,046,395	\$ 1,759,645
		June 30, 2020		
		<u>1% Decrease</u>	<u>Rate</u>	<u>1% Increase</u>
		<u>1.21%</u>	<u>2.21%</u>	<u>3.21%</u>
Authority's proportionate share of the net OPEB				
liability	\$	2,489,378	\$ 2,066,732	\$ 176,863

The sensitivity analysis was based on the proportionate share of the Authority's net OPEB liability at June 30, 2021 and 2020. A sensitivity analysis specific to the Authority's net OPEB liability was not provided by the Plan.

See independent auditor's report.

Sensitivity of Net OPEB Liability to Changes in the Healthcare Trend Rate

The following presents the Authority's proportionate share of the OPEB net liability as of June 30, 2021 and 2020 calculated using the healthcare trend rates as disclosed above as well as what the Authority's proportionate share of the net OPEB liability would be if it were calculated using healthcare trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current rate:

	Health Cost Trend Rates		
	<u>1% Decrease</u>	<u>Rate</u>	<u>1% Increase</u>
Authority's proportionate share of the net OPEB liability	\$ 1,707,383	\$ 2,046,395	\$ 2,488,764
	Health Cost Trend Rates		
	<u>1% Decrease</u>	<u>Rate</u>	<u>1% Increase</u>
Authority's proportionate share of the net OPEB liability	\$ 1,710,223	\$ 2,066,732	\$ 2,533,586

The sensitivity analysis was based on the proportionate share of the Authority's net OPEB liability at June 30, 2021 and 2020.

OPEB Plan Fiduciary Net Position

Detailed information about the OPEB plan's fiduciary net position is available in the separately issued financial report from the State of New Jersey, Department of the Treasury, Division of Pension and Benefits. The financial reports may be accessed via the New Jersey, Division of Pensions and Benefits, website at www.state.nj.us/treasmy/pensions.

Investment Valuation: Investments are reported at fair value. Investments that do not have an established market are reported at estimated fair values.

Health Insurance Waiver

The Authority does not have a formal resolution authorizing a health insurance waiver but follows the state requirements for waivers. Health insurance waivers are in an amount of the lesser of \$5,000 or the actual net insurance cost to employees that can show that coverage is provided by a spouse or other means, except if the spouse is already a member of the NJ Health Benefits Plan. In the fiscal year ending 2022, the Authority had no employees receiving this benefit.

See independent auditor's report.

THE NORTH HUDSON SEWERAGE AUTHORITY
COUNTY OF HUDSON, STATE OF NEW JERSEY
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JANUARY 31, 2022 AND 2021

16. Risk Management

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance – The Authority maintains commercial insurance coverage through American Alternative Insurance Company, Markel American Insurance Company, and Ace American Insurance Company. for property, liability, umbrella, public official’s liability, pollution and boiler and machinery coverage.

Cyber Security Insurance – The Authority also maintains cyber liability insurance coverage through National Union Fire Insurance Company of Pittsburgh for protection when claims are made against the Authority for monetary damages arising out of an electronic information security event. The insurance also covers expenses occurring as a result of a privacy crisis management or cyber extortion event.

17. Liquidity, Management Plans and Intentions

Due to COVID-19 Pandemic, the Authority had to adjust its operations in FY 2022 to continue to provide services to ratepayers. The Pandemic did not have a significant impact on the financial statements of the Authority for the fiscal year ended January 31, 2022. However, the Pandemic did result in the State of New Jersey taking steps to award additional grant monies to help offset some additional costs incurred related to public health. Additionally, the Authority prepared and balanced the FY2022 budget and considered the potential impact the Pandemic could have on Authority operations. Management believes that the net position as of January 31, 2022, and the anticipated revenues from user fees, connection fees, interest, grants, and other revenues will be sufficient to meet the Authority’s financial needs for one year from the date of issuance of this report.

18. Subsequent Events

The Authority established a new sewer rate of \$10.35 per 1,000 gallons effective February 1, 2022.

The Authority adopted its fiscal year 2023 budget on February 17, 2022.

Management has reviewed subsequent events through February 7, 2023 which is the date the financial statements are available to be issued.

See independent auditor’s report.

SINGLE AUDIT SECTION

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITOR'S REPORT

The Honorable Chairman and Commissioners
of The North Hudson Sewerage Authority
County of Hudson
Hoboken, New Jersey 07030

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements of The North Hudson Sewerage Authority, County of Hudson, State of New Jersey (the "Authority"), as of and for the year ended January 31, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated February 7, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

We noted certain other matters that were reported in the schedule of audit comments and recommendations as item number 2022-001.

Authority's Response to Findings

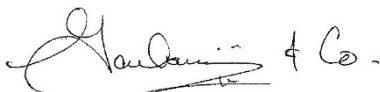

The Authority's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the Authority's response and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS REQUIRED BY OMB UNIFORM GUIDANCE U.S. AND N.J. OMB CIRCULAR 15-08

INDEPENDENT AUDITOR'S REPORT

The Honorable Chairman and Commissioners
of The North Hudson Sewer Authority
County of Hudson
Hoboken, New Jersey 07030

Report on Compliance for Each Major Federal and State Program

Opinion on Each Major Federal and State Program

We have audited the compliance of the North Hudson Sewerage Authority, County of Hudson, State of New Jersey (the "Authority"), with the types of compliance requirements described in the *OMB Compliance Supplement* and the *N.J. State Grant Compliance Supplement* that could have a direct and material effect on each of the Authority's major federal and state programs for the fiscal year ended January 31, 2022. The Authority's major federal and state programs are identified in the Summary of Auditor's Results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the fiscal year ended January 31, 2022.

Basis for Opinion on Each Major Federal and State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the *OMB Compliance Supplement and the N.J. State Grant Compliance Supplement*. Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Authority and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of Authority's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, regulations, contracts and grant agreements applicable to each of its major federal and state programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Authority's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance and *N.J. OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid*. will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Authority's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance, and *N.J. OMB Circular 15-08*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Authority's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Authority's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and *N.J. OMB Circular 15-08*, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over

compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

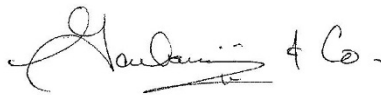

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance and Schedule of Expenditures of State Financial Assistance Required by New Jersey OMB Circular 15-08.

We have audited the financial statements of the Authority as of and for the Authority's fiscal year ended January 31, 2022 and the related notes to the financial statements, which collectively compromise the Authority's basic financial statements. We issued our report thereon dated February 7, 2023, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively compromise the basic financial statements. The accompanying schedule of expenditures of federal awards as required by the Uniform Guidance and schedule of expenditures of state financial assistance as required by *New Jersey OMB Circular 15-08* are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal and state awards is fairly stated in all material respects in relation to the financial statements a whole.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

THE NORTH HUDSON SEWERAGE AUTHORITY
COUNTY OF HUDSON, STATE OF NEW JERSEY
NOTES TO SCHEDULE OF FEDERAL AND STATE FINANCIAL ASSISTANCE
FOR THE FISCAL YEARS ENDED JANUARY 31, 2022 AND 2021

1. General

The accompanying schedules present the activity of all federal and state financial assistance programs of the Authority. The Authority is defined in Note 1 of the Authority’s financial statements. All federal financial assistance received directly from federal agencies, as well as federal financial assistance passed through other government agencies is included on the schedule of expenditures of awards.

2. Basis of Accounting

The financial statements of the Authority have been prepared on the accrual basis and in accordance with generally accepted accounting principles as promulgated by Governmental Accounting Standards Board (GASB) and applicable to enterprise funds of state and local governments.

Revenues are recognized in the accounting period when they become susceptible to accrual. Expenditures, if measurable, are recognized in the accounting period in which the liability is incurred.

The Authority has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

3. Relationship of Financial Statements

Amounts reported in the accompanying schedules agree with amounts reported in the Authority’s financial statements, exclusive of the un-appropriated reserves. Financial assistance awards are reported in the Authority’s financial statements on a basis of accounting described above as follows:

		<u>Federal</u>		<u>State</u>
General Program	\$	10,814,095.76	\$	5,000.00

4. Relationship to Federal and State Financial Reports

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

5. Federal/State Loans Outstanding

The Authority’s Federal/State NJ DEP Environmental Infrastructure loans outstanding at January 31, 2022, are \$ 89,453,236.21: \$42,409,053.21 for Permanent Financing (as per Schedule 9) and \$47,044,183 Infrastructure - Non-Permanent Construction Loan Payable.

State Awards

Dollar threshold used to determine Type A and Type B Programs: \$750,000

Audited qualified as low-risk auditee? X Yes No

Internal Control over Major Programs

1) Material weakness identified Yes X No

2) Significant deficiencies identified that are not considered to be material weaknesses? Yes X No

Type of Auditor’s Report Issued on compliance for major programs:

Unqualified

Any audit findings disclosed that are required to be reported in accordance with NJOMB Circular Letter 15-08? Yes X No

Identification of major programs:

	<u>State Grant/ Project Number</u>	<u>Name of State Program</u>
(Type A)	CSO-98-042	NJ Department of Environmental Protection Infrastructure Improvement Trust/Loan. (CSO-98-042)

**The North Hudson Sewerage Authority
County of Hudson, State of New Jersey
Schedule of Findings and Questioned Costs (Continued)
For the Fiscal Year Ended January 31, 2022**

Section II – Financial Statement Findings

[This section identifies the significant deficiencies, material weaknesses, fraud, illegal acts, violations of provisions of contracts and grant agreements, and abuse related to the financial statements for which Government Auditing Standards requires reporting in accordance with the Uniform Guidance and New Jersey OMB Circular 15-08 audit.]

None Reported

Section III – Schedule of Federal and State Award Findings and Questioned Cost

[This section identifies audit findings required to be reported by section 2 CFR 200 section .516 of the Uniform Administrative Requirements for Federal Awards and NJOMB Circular Letter 15-08].

FEDERAL AWARDS

None Reported

STATE AWARDS

None Reported

***Section IV: Summary Schedule of Prior – Year Audit Findings
and Questioned Costs as Prepared by Management***

[This section identifies the status of prior-year findings related to the general-purpose financial statements and federal and state awards that are required to be reported in accordance with Chapter 6.12 of *Government Auditing Standards*, *USOMB Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* (section .511 (a)(b)) and NJOMB's Circular Letter 15-08].

THE NORTH HUDSON SEWERAGE AUTHORITY
COUNTY OF HUDSON, STATE OF NEW JERSEY
STATUS OF PRIOR YEAR AUDIT FINDINGS & RECOMMENDATIONS
JANUARY 31, 2022

PRIOR YEAR AUDIT FINDINGS AND STATUS:

Recommendation 21-001:

That all sewer charge receivables be reviewed to determine if any receivables should be canceled, placed on property tax sale or litigated.

Status of Prior Year Finding:

Partial corrective action has been taken. The Authority is consistently investigating aged accounts receivables through inclusion in member municipality tax sales and litigation, however, there still remains a receivable balance greater than 12 months of \$ 6,809,923.10. An allowance for doubtful accounts has been maintained in the amount of \$2,400,000.

THE NORTH HUDSON SEWERAGE AUTHORITY
COUNTY OF HUDSON, STATE OF NEW JERSEY
CURRENT FISCAL YEAR AUDIT FINDINGS & RECOMMENDATIONS
JANUARY 31, 2022

CURRENT FISCAL YEAR AUDIT FINDINGS AND STATUS:

***Finding # 2022-001:**

That the delinquent sewer charges receivable accounts greater than 6 months should be evaluated by management.

Condition

The authority's accounts receivable aging balance report as of January 11, 2023 shows a total current balance of accounts greater than 12 months total of \$ 6,809,923.10.

Recommendation:

That all sewer charges receivable continue to be reviewed to determine if any receivables should be canceled, placed on property tax sale or litigated.

Management's Response:

The Authority reviews its delinquent accounts on a regular basis to determine if any balances should be canceled, placed in property tax sale or litigated. Account balances are cancelled when it is determined incorrect water consumption data was used to calculate the bill. The Authority is entitled under State law to have its delinquent accounts included in the tax sales of its four constituent municipalities. However, two of those municipalities have not included sewer accounts in their respective tax sales for several years. This greatly hinders the ability of the Authority to collect delinquent accounts. As a result of the municipalities' refusal to include Authority delinquent accounts, the Authority has been compelled to hire Special Collections Counsel to assist in the collection of delinquent accounts which are not placed in tax sale. Efforts to collect those delinquent accounts have included payments plans, settlement agreements and litigation, as appropriate. The Authority's persistent efforts to persuade the two municipalities to include its liens in their tax sales have, thus far, met with no success. The Authority continues its collection efforts through its Special Collections Counsel and raises periodically the issue of exclusion from tax sales with the appropriate municipalities.

***Repeated from prior year's audit.**

New Jersey Environmental Infrastructure Trust –2016(19):

The Authority issued subordinated bonds of \$1,041,599 to the New Jersey Environmental Infrastructure Trust (“Infrastructure Trust”) and \$3,124,796 subordinated bonds to the of New Jersey pursuant to the Infrastructure Trust Program. The bonds were issued to provide financing for the repair/upgrades of ten combined sewer regulators in Weehawken, Hoboken, and West New York municipalities. The project also includes siphon improvements to isolate, dewater, clean, and line the 12-inch barrel along Park Ave.

The bonds issued to the Infrastructure Trust bear interest at rates of 2.00% to 5.00%. The second bonds issued to the State are non-interest bearing. The loan has been recorded on the balance sheet of the Authority as an account receivable (due from the Infrastructure Trust) with a corresponding account payable (Infrastructure Trust loan payable.) \$817,000.00 was approved as principal forgiveness and de-obligated during fiscal year 2017. There was a premium allotted with permanent financing of loan during fiscal year 2018 in the amount of \$133,605. As of January 31, 2022, the receivable balance was \$0 and the payable balance was \$2,685,796.70, respectively.

NORTH HUDSON SEWERAGE AUTHORITY
SUPPORTING SCHEDULE OF LONG-TERM DEBT
(AS DESCRIBED IN NOTE #6)
JANUARY 31, 2022
New Jersey Environmental Infrastructure Trust
Total Trust and Fund Loan Net Debt Service

New Jersey Environmental Infrastructure Trust –2020(23)

The Authority issued subordinated bonds of \$545,000 to the New Jersey Environmental Infrastructure Trust (“Infrastructure Trust”) and \$1,651,964 subordinated bonds to the of New Jersey pursuant to the Infrastructure Trust Program. The bonds were issued to provide financing for collection system improvements for PURAC Phase 2 and Grit Classifier.

The bonds issued to the Infrastructure Trust bear interest at rates of 2.00% to 5.00%. The second bonds issued to the State are non-interest bearing. The loan has been recorded on the balance sheet of the Authority as an account receivable (due from the Infrastructure Trust) with a corresponding account payable (Infrastructure Trust loan payable.) As of January 31, 2022, the receivable balance was \$0 and the payable balance was \$2,075,595.66, respectively.

Appreciation

We desire to express our appreciation of the assistance and courtesies rendered by the Authority Officials and employees during the course of our audit.

Any issues noted during our audit were not of such magnitude that they would affect our ability to express an opinion on the financial statements taken as a whole.
